PROTECTING LEGACY

Over 185 years old,
five generation family-owned brand,
crafting the spaces where legacies live.

LEFT: PHILIP WOLF IV

Our legacy...

1834

Philip Wolf I, a successful German silversmith, discovered that his silver pieces sold better when presented in beautiful boxes. As he began selling more boxes than silver, he refocused his craft thus marking the beginning of WOLF.

1962

Over time, his highly automated factory employed over 300 people and was recognised as the largest manufacturer of jewellery boxes and display materials for all of Great Britain and much of Europe.

1895

Then came his son Philip Wolf II, who convinced his father to move the business to Malmö, Sweden. As time passed, his sons, Ernst and Philip III, proudly continued the tradition of box making.

1988

With the economy and business flourishing in England, the time was right for the Wolf family to assume the biggest challenge they had ever undertaken: tackling the USA and Canadian markets. It was up to Simon Philip V, with guidance from his father Philip IV, to persevere and continue to expand and diversify the company.

1930

Philip Wolf III continued to expand the Swedish factory into its third generation of box making. Progress was slow but steady and then, in 1962, his first son, Philip Wolf IV, immigrated to England to open a new factory.

TODAY

The Wolf family legacy proudly continues, focusing on innovative designs, technological advancements, the pursuit of the perfect design and the protection of your legacies.

Your legacy...

As a five-generation family company, we understand that extraordinary objects are representations of extraordinary moments in life.

Since 1834, the WOLF mark has been a symbol of decades of innovation and the pursuit of the perfect design.

We believe for a legacy to endure it must be nourished and upheld.

Every day in beautiful WOLF cases around the world, centuries-old treasures live side-by-side with exquisite new designs.

We are dedicated to honouring people's stories and the legacies they entrust to us.

Protect your legacy with WOLF

PATENTED TECHNOLOGY

**OUR JEWELLERY BOXES
FEATURE LUSTERLOC™**

Jewellery begins to lose its luster with
air contact and our patented LusterLoc™

formula neutralises the process.

LusterLoc™ protects your jewellery

for up to 35 years.

PATENTED TECHNOLOGY AND DESIGN

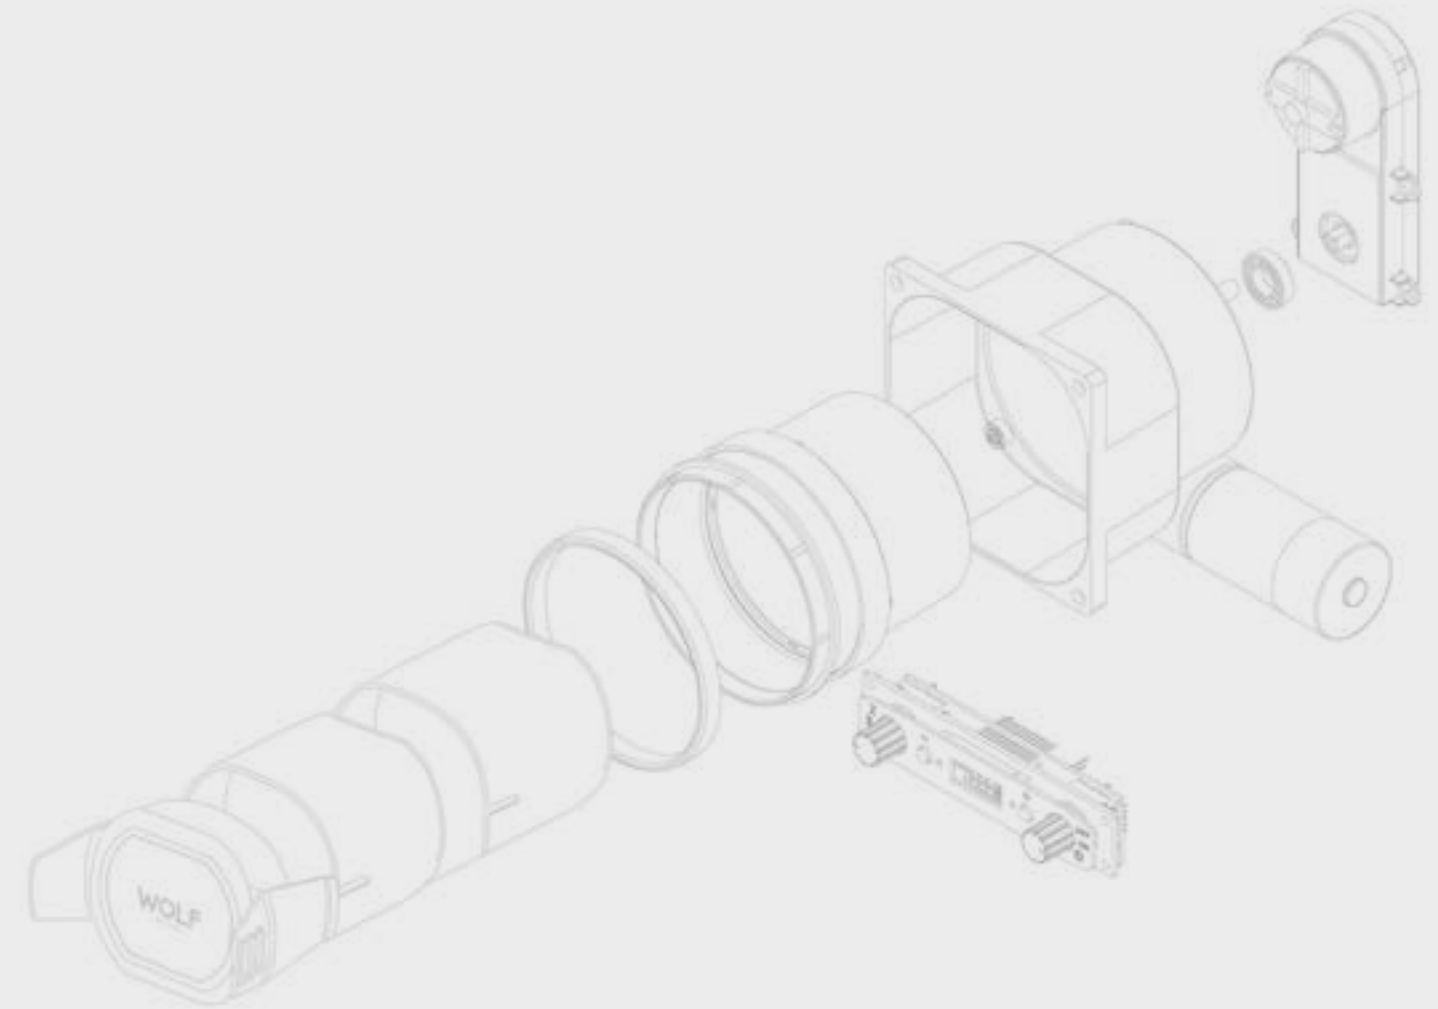

**ONLY OUR WATCH WINDERS
COUNT TURNS PER DAY**

WOLF, first to count turns per day, first with the unique return to start feature, first to engineer a safe lock-in cuff, now first with their patent pending "Dynamic Cuff".

One cuff, three sizes...genius.

Why guess when you can be precise,

WOLF, always innovating.

Sustainability

Over the last several years, we have deepened our commitment to sustainability across the company.

We source sustainable packaging and use materials like 100% recycled leather.

Because it matters to us, but also because our commitment to quality is intertwined with the need for sustainable processes and materials.

Protecting your legacy, protecting the planet.

Honouring Craft at Every Level

Our workshops and the people who work in them are the bedrock of our business. We provide safe working conditions, liveable wages and work hard to ensure equal labour rights. Because the quality of life of our artisans directly affects the quality of our products and because we care about our impact on the environment, we also ensure that our factories meet emissions standards and practices.

Impact is in the Details

We only use recyclable, sustainable and eco-friendly packaging that is made of 70% post-consumer recycled waste. So you can feel good about unboxing your WOLF product as all packaging can be re-used or placed in a recycling bin.

Leather, Reimagined

Our CEO Simon Wolf has continued his family legacy in many ways, including a deep commitment to environmentalism and protection of animals. To protect your legacy, which is WOLF's core aim, we must do our part to protect the health of the planet. All of our watch winders are wrapped in 100% vegan leather, because the highest quality and luxury can also be sustainable.

New and Innovative Packaging

At WOLF, we only use certified FSC 100% recycled paper, certified recycled corrugated cardboard and 100% recycled cotton and polyester materials. Our new accessories collection is 95% sustainable, with materials made from recycled PVC, apple pulp and plastic bottles.

Minimising Effects on Planet Earth

WOLF has a long history of caring about climate. Philip Wolf III wrote about 'climate change', in his book, 'Land Drainage and its Dangers as Experienced in Sweden', 58 years before the term had been coined. Philip wrote on subjects related to how we were already affecting the climate of the earth.

Family Legacy of Conservation

Simon Wolf's grandfather created the Swedish Salmon and Trout Association. The inauguration took place in August of 1948 when he opened Håstad Mill. As a lifelong fisherman who cared deeply about the water quality and the impact the fishing industry had on the planet, it was one of his greatest achievements that continues to inspire Simon Wolf's commitment to conservation.

WATCH WINDERS

A WOLF watch winder is a handmade precision instrument that focuses on the health of your watch using patented technology. Only a WOLF counts Turns per Day, all other winders simply use time to estimate rotations. With a lock in dynamic cuff, allowing for varying wrist sizes and unique return to start feature, WOLF's winders combine clever design with innovative technology. If you value your watch, then wind it in a WOLF.

AXIS

PROGRAMMABLE WATCH WINDER

Powder-coated and copper plated laser cut perforated steel melded with clean, sleek lines. AXIS drives a modern, bold look for safekeeping your timepieces. Our patented technology of counting rotations of the axis of your watch guarantees precise turns per day. Bold luxury, faultless design, take AXIS for a spin.

MODULE 4.1

PROGRAMMABLE WATCH WINDER

The ultimate, the one, the only. 4.1 is the solution to the dilemma, "how many winders?" You own one watch no problem, you have three, we can take care of that. Once you buy another watch, buy another 4.1 winder. They connect and are powered together. Build your own watch winder tower, be creative!

MARIA

A new classic is born with Maria. Pure sophistication with clean lines and just the right amount of detail. Maria is inspired by and for the traveller in love with cities they've never been to and people they've never met. Our first complete travel collection wrapped in rich smooth leathers and stunning gold accents. Maria is perfect for keeping jewellery in place with style; for business, leisure and everything in between.

PALERMO

Sophistication must be effortless. Charm and style has to come with ease. Palermo takes cues from its namesake city on the side of a mountain by the sea. Sumptuous leathers in traditional colours with flair, black anthracite and rose gold sparkle, the Ferrari red tempts. Your jewellery deserves a classic home.

SAFES

The 1834 Safe Collection is the next level of WOLF's commitment to protecting your most precious valuables. Our meticulously crafted safes are made to provide the ultimate in security while upholding WOLF's iconic design identity of melding beauty and functionality. In addition to our standard collection we offer a completely bespoke experience that allows you to choose leather, hardware colour, and interior configurations, ensuring that your taste is matched perfectly.

ATLAS

Designed with beauty and function in mind the Atlas is forged in American steel, UL tested and certified for burglary & fire. Available in two stunning high gloss finishes of onyx or titanium and lined with LusterLoc™ to stop jewellery from tarnishing for up to 35 years. Choose from 4 to 20 winder modules (in groups of 4) to ensure that your collection keeps perfect time. Atlas is the solution for the protection of your most precious valuables.

FEATURES

- Store watches, jewellery, documents, etc.
- UL certified independent testing
- Bluetooth user-controlled app
- Rotation Options: 1-1,999 turns per day
- Directional Settings: clockwise, counter clockwise, or bi-directional
- Start Delay: Up to 255-hour delay
- Patented lock-in cuff design
- Custom 1834 grey LusterLoc™ treated ultrasuede interior

UL CERTIFIED INDEPENDENT TESTING

Verified Fire Resistance:

- For up to 120 minutes, tested at 1,700°F (927°C), then dropped from 30 feet.
- The interior temperature during the fire test remains below 350°F (177°C), (paper burns at 450°F (232°C), so your documents remain safe.

Verified Water Resistance:

- The interior of the safe door is sealed with Palusol® fire seal which expands 8 times the original size, sealing the door.

BLUETOOTH USER-CONTROLLED APP

- Effortlessly control winder modules either independently or simultaneously with WOLF app (download on the App Store or get it on Google Play).
- Customise your safe with the ability to name the safe and each winder.
- Upload your watches or personal photos as background image.
- i-Mode feature controls LED light with the ability to set on/off timers based on your schedule.
- Password-protected app control.
- Register your warranty from your phone.
- Contact customer service and shop online.

CHURCHILL

Experience the world of bespoke safes with Churchill. Crafted by WOLF and made for you. Forged in steel with 9 bi-directional steel bolts, secure electronic Sargent and Greenleaf keypads. Providing the ultimate in security while upholding WOLF's iconic design identity of melding beauty and functionality. Select the leather, hardware colour and interior configurations of drawers and winders to ensure you bring home a piece as unique as you.

WOODS AND LEATHERS
AVAILABLE IN YOUR CHOICE OF
TEXTURE AND COLOUR

CHOOSE HOW MANY BLUETOOTH APP CONTROLLED WATCH WINDERS AND THE NUMBER OF DRAWERS FOR WATCHES, JEWELLERY OR OTHER VALUABLES.

A close-up photograph of a brass keyhole on a dark green, textured safe door. The keyhole is cylindrical and protrudes from the door. The texture of the door is a fine, pebbled grain. The lighting is dramatic, highlighting the metallic sheen of the brass and the texture of the door.

CHURCHILL

There is no limit to what we can craft for you. We begin with the size and configuration of the interior of the safe. You choose how many WOLF Bluetooth app controlled watch winders and the number of drawers for watches, jewellery or other valuables. We will then assist you in selecting the exterior for your safe, either sumptuous leathers or beautifully polished hardwoods. For more information and to start your Churchill design project visit www.wolf1834.com/churchill-safes

LUXURY ACCESSORIES

WOLF's range of luxury accessories for men and women includes wallets and bill folds, travel accessories, tech cases and bags. All designed innovatively to provide protection for your precious items with RFID in wallets and clever detailing for your travels. Classic beautiful design made from the finest leather alongside innovative sustainable materials made from apple pulp and recycled plastic bottles, luxury with a conscience.

Mimi is for the woman on the go who needs her essentials close but wants to be free of bulky handbags. Inspired by both high runway fashion moments of the 90's and ancient Japanese Sagemonos, Mimi helps you travel light so you can go about your day in style.

COLLABORATIONS

As the saying goes “a perfect match, made in heaven” and so it is with the utmost of consideration that we choose the company we keep. Our collaborations are rare and highly selective, Harrods, Bea Bongiasca, Analog/Shift and WM Brown grace the following pages with innovative design twists that give a perfect nod to both brands.

Analog/Shift, leading retailer of vintage and contemporary timepieces based in New York City, have teamed up with WOLF, experts in watch care for over 185 years, to bring you beautiful modern interpretations of famous historical boxes with this limited edition collection.

WM BROWN

Known for his impeccable taste in fashion and love of watches Matt Hranek founder and editor of WM Brown has partnered with WOLF to craft a collection of products made for the modern man. The collection features WOLF's signature watch winders, watch boxes, and watch rolls infused with WM Brown's iconic Negroni Tweed. Negroni tweed was created in an English wool mill by the Fox Brothers for Matt & WM Brown in celebration of the delicious Negroni cocktail.
